### WHICH IS THE FESTIVAL SALINSTRADA ?

The company GIPSY RAW in collaboration with PROLOCO and the city of Margherita Di Savoia present the first edition of SALInSTRADA (international festival of Arts in the Street), which has the objective to value the territory, at the international level. Three dynamic days where MARGHERITA DI SAVOIA will host all types of arts that can be presented in public spaces, including theater, dance, circus, music, visual arts, and any other innovative artistic forms! Companies from around the world will roam and showcase their talents in the city streets!

### WHEN? WHERE?

The 7,8 et 9 June 2024

It will have two parts in the festival :

- Le Festival IN
- Le Festival OFF

## **WHICH IS THE FESTIVAL IN ?**

Each evening of the festival will feature a performance presented by the GIPSY RAW company. The invited companies will have full technical, logistical, and economic support provided by the festival. They will perform during an evening on the "PIAZZA TERME" (central square of Margherita di Savoia) at 9:00 PM !

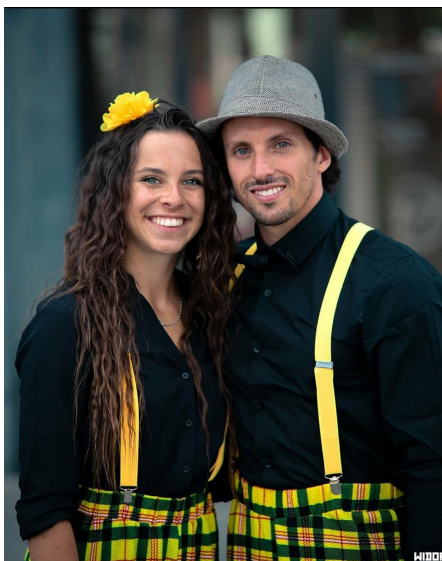

## **WHICH IS THE FESTIVAL OFF**

On the other hand, the OFF festival, in contrast to the IN, will be composed of artists selected by the GIPSY RAW company through a call for applications. Six companies will be invited to perform twice a day during the three days of the festival at a designated location with specific schedules! These companies must be technically self-sufficient and responsible for their travel arrangements. The festival will provide accommodation and meals for them throughout the event. Hats are allowed during the performances!

## **WHICH IS THE PRICE OFF?**

The OFF festival companies will have the opportunity to be selected to present a creation in the IN FESTIVAL of the next edition of the SALInSTRADA festival. During these three days of performances, a jury of performing arts professionals will choose the winner of the OFF PRIZE!

## **WHO CREATED THE FESTIVAL SALINSTRADA ?**

**La compagnie GIPSY RAW**

Manon and Pasquale, choreographers of the GIPSY RAW company and professional dancers in various international companies, have long presented their shows in theaters as well as in the streets! The street, for them, is an authentic space, a direct stage with its audience! They wanted to bring their SALInSTRADA festival to Margherita di Savoia because Margherita is a strategic and tourist point that not only reaches the city's residents but also those from surrounding towns. Its location is ideal and pleasant, facing the sea!

Margherita Di Savoia has numerous spaces capable of accommodating a large number of artists! It creates a warm atmosphere and serves as the perfect meeting point for families during the weekend! The GIPSY RAW company is French and, through the SALInSTRADA festival, aims to strengthen the connections between French and Italian artists! This is intended to broaden access to culture in the south of Italy, specifically in Apulia, Pasquale's region!
